

Christ Church Anglican Church Beechworth

1882 William Anderson

1 manual, 8 stops

Restored 2008, Wakeley Pipe Organs

The complete restoration of the church's one manual and pedal 1882 William Anderson organ was completed in the second half of 2008. Beechworth is a historic gold mining town located in North East Victoria, 40 minutes from Wangaratta. A large portion of the organ dates from the first half of the 19th century, possibly imported from England.
